

**Growing in Grace & Gratitude** is available in English for three quarters and four \*age levels:

- Ages 3 to 5
- Ages 5 to 7
- Ages 8 to 10
- Multiage (Ages 5 to 10)

\*Ages 3 to 5 and Multiage are available for four quarters in English and Spanish.

**Each age-level purchase includes:**

- Weekly leader's material
- Reproducible Grace Notes\*
- *Stories, Colors, & More*
- Weekly *Grace Sightings* (online only)
- Free e-book version through iBook and Kindle
- Audio version of the Bible story

\*Grace Notes, included in the Leader's Material, are black and white reproducible pages that provide activities and crafts for the session.

**The Leader's Material**

Solid biblical and theological background for leaders is found in the first section: "Recognizing God's Grace." The ". . . In Your Children's Experiences" and ". . . In Your Relationships with the Children" sections provide leaders with a clear understanding of the needs, abilities, and interests of the children.

The easy-to-use session plans continue with three parts.

- Gathering in God's Grace: Welcoming and preparing children to hear God's Word includes singing, praying, as well as hearing and reflecting on the week's Bible story. It includes a handy, comprehensive "supply" list and a thumbnail illustration of the Bible story in the sidebar.
- Responding in Gratitude: A selection of age-appropriate activities for leaders to choose based on the group size and time available. Some activities require minimal preparation, while others (noted as "more prep") will need advanced planning and/or supplies.
- Loving and Serving God: This sending extends an invitation to discipleship that inspires children and their families to practice hospitality, generosity, and love.

The Leader's Material is available in two formats: a printed book and downloadable PDF.

**Stories, Colors, and More**

All the color resources needed for each session. This essential component of *Growing in Grace & Gratitude* has three sections:

- Stories: Colorful illustrations of the Bible stories spark imagination and reveal God's grace for use. Words of the stories on the back, enabling leaders to read each story without flipping pages.
- Colors: Colorful resources, such as teaching pictures and maps, to use with children.
- & More: Song lyric sheets, The Support Map and other resources. The Support Map provides useful ideas for involving children with disabilities and special needs, offering a safe place for belonging and acceptance. Colorful icons are incorporated into each weekly session of the Leader's Material, offering ways to adapt activities.
- *Stories, Colors, & More* is included with the purchase of the Leader's Material.

**Music & Melodies**, lively and kid-friendly CD, sold separately.

**Grace Sightings**, free online for each session, provide suggestions to help parents, caregivers, and children to recognize God's grace in biblical stories at home and ideas for living in gratitude each week.

**Growing in Grace & Gratitude e-book**, a free quarterly resource with the weekly Bible stories, art, and Grace Sightings.

The free printed sample booklet is #11000S + shipping and handling. Downloadable samples are free online at <http://growinggracegratitude.org>. To order **Growing in Grace & Gratitude**, go to [pcusastore.com](http://pcusastore.com) or call 800.533.4371.
