Theological Foundation:

The Great Ends of the Church (adapted from F-1.0304) are:

• the proclamation of the gospel for the salvation of humankind
  We share the ways God has saved us and shows God’s love for all people through the good news of Jesus Christ. (Matthew 10:7-8, John 3:16-17, Romans 1:16-17, Ephesians 2:13-14, 1 John 4:14-16)

• the shelter, nurture, and spiritual fellowship of the children of God
  We connect and grow as God’s people, called to be a community of faith, hope, love, and witness. (John 15:12-15, Acts 2:41-47, Romans 12:3-21, Ephesians 4:1-5 and 15-16)

• the maintenance of divine worship

• the preservation of the truth
  We speak truth that sets us free to love. (Psalm 15, John 8:31-32, John 18:36-37, Ephesians 4:11-15, Ephesians 6:14-15)

• the promotion of social righteousness
  We follow Christ, who healed the sick, fed the hungry, freed the oppressed, and broke bread with outcasts and sinners. (Matthew 9:9-

• the exhibition of the Kingdom of Heaven to the world.

And, just like Christ, we live as citizens of God’s reign, offering a life-giving alternative to a broken world. (Matthew 5:13-16, Romans 12:2, 1 Peter 2:9-10)

We recognize these to be the goals for the Church, because we have been redeemed and called into ministry by Jesus Christ, because we live in gratitude for the grace given to us by God, and because we understand ourselves to be joined and empowered by the Holy Spirit to be the body of Christ.

As the Presbyterian Mission Agency in 2017-2018, we know that we are not solely responsible for the achievement of all these Great Ends. We understand that our role is to be faithful stewards of God’s blessings by focusing only on what the Church needs from the national church today, using the unique resources of the Presbyterian Mission Agency.

Vision:
Presbyterians joyfully engaging in God’s mission for the transformation of the world.

Mission:
Inspire, equip and connect the PC(USA) in its many expressions to serve Christ in the world through new and existing communities of faith, hope, love and witness.

Directional Goals:

We will inspire, equip and connect existing and new worshiping communities to engage in God’s mission through:

• Evangelism & Discipleship
Grow, proclaim and live out our faith in Jesus Christ by working with our partners, here and around the world, to build communities that witness to the gospel of Christ’s love for the rich diversity reflected in all humankind.

• Servant Leader Formation
Seek, develop and energize diverse leaders who are answering God's call to equip the Church to be a welcoming place of worship, mission and spiritual nurture for all of God’s children, especially those who have been marginalized.

• Justice & Reconciliation
Galvanize the church to act on issues of racism, violence and poverty as a prophetic witness to Christ’s transforming justice by speaking and
living out God’s truth and compassion as we call ourselves and the world to account for injustice and oppression.

Core Values:
Faith, Compassion, Accountability, Teamwork, Dedication, Service, Justice

**ACTION 34-216**

**ON DIVESTMENT FROM FOSSIL FUEL COMPANIES**

The Presbyterian Mission Agency Board **VOTED** to approve and recommend that the 222nd General Assembly (2016), in reference to Divestment from Fossil Fuel Companies and upon recommendation from the Committee of Mission Responsibility Through Investment, do the following:

1. **Receive the report of the Committee on Mission Responsibility Through Investment (MRTI) on its extensive engagement of corporations in response to the referral from the 221st General Assembly (2014).**

2. **Commend all corporations, especially those in the oil, gas and coal sectors, that have addressed climate change by adopting policies and practices that have reduced greenhouse gas emissions in their operations and/or in the use of their products.**

3. **Call upon all corporations to increase their efforts to address climate change through vigorous action in line with the following expectations:**

   a. **Governance:** Clearly define board and management governance processes that acknowledge the scientific evidence of climate change, ensure adequate oversight of climate change risk and the strategic implications of a transition to low carbon energy systems.

   b. **Strategy:** Integrate the management of climate change risks and opportunities into business strategy with a commitment to manage operations in a manner consistent with the internationally agreed upon goal of limiting warming to 2 degrees Celsius, above pre-industrial levels and to pursue efforts to limit the temperature increase to 1.5 degrees Celsius.
above pre-industrial levels.

c. **Implementation**: Incorporate scenario analysis and measurement, including risk assessment, within key business processes and investment decisions, to include: incorporating carbon pricing decisions regarding long term projects and products; setting robust goals for reducing greenhouse gas emissions that include increased use of renewable energy sources, energy efficiency investments, and putting a price on carbon; and more rapid integration of new technologies designed to reduce the company’s overall carbon footprint.

d. **Transparency and Disclosure**: Issue annual reports on the company’s view of and response to its material climate change risks and opportunities including the comprehensive outlook on energy reflected in the company’s strategy, how the company’s strategy can adjust for significant changes (upwards and downwards) in demand for oil, gas and coal, and the carbon intensity of proven and probable reserves (including breakeven oil price) categorized by nature of projects’ environment (ultra-deep waters, oil sands etc.).

e. **Public Policy**: Engage constructively with public policy makers and other stakeholders in support of cost-effective policy measures to mitigate climate change risks and support low carbon investments; ensure there is broad oversight and transparency about the company’s lobbying activity and political spending, including activity by trade associations to which the company belongs, on this topic and related energy and regulatory issues; and disclose company positions on policy issues such as carbon pricing, renewable energy targets and international negotiations on climate change.

4. Commend the Presbyterian Church (U.S.A.) Foundation, Inc. for providing, through its New Covenant Trust Company subsidiary, the option of fossil free managed portfolios to congregations, institutions, and individual clients desiring such a customized approach; the Board of Pensions for exploring a fossil free option for plan members participating in its voluntary retirement savings plan options; Presbyterian Investment and Loan Program for creating the “restoring creation loans” for congregations seeking to pursue reducing their carbon footprint.

5. Encourage continued respectful discussion in the church and civil society on the critical issue of climate change, and how it should be addressed not only through the responsible use of investments, but also as individuals, churches, and the Presbyterian Church (U.S.A.) working together to reduce our carbon footprint.

6. Direct MRTI to pursue its focused engagement process on climate
change issues with all corporations, particularly with those in the oil, gas and coal sectors, and report back to the 223rd General Assembly (2018) with recommendations, including possible divestment if significant changes in governance, strategy, implementation, transparency and disclosure, and public policy are not instituted by the corporations during the engagements of MRTI and ecumenical partners.

   Presbyterian Women in the Presbyterian Church (U.S.A.), Inc.
